## Graffiti – street art

Modern graffiti began in big cities in the United States in the 1970s. In New York, young people wrote their names, or 'tags', in pen on walls around the city.

One of the first 'taggers' was a teenager called Demetrius. His tag was TAKI 183. He wrote his tag on walls and in stations in New York. Other teenagers saw Demetrius's tag and started writing their tags too. Soon, there were tags on walls, buses and trains all over New York.

Then, some teenagers started writing their tags with aerosol paint. Their tags were bigger and more colourful. Aerosol paint graffiti became very popular in the 1970s and 1980s. It appeared on trains, buses and walls around the world.

In the 1990s and 2000s, a lot of graffiti artists started painting pictures. Some artists' pictures were about politics. Other artists wanted to make cities beautiful and painted big, colourful pictures on city walls.

### Graffiti in galleries

In some countries, writing or painting on walls is a crime. Sometimes, graffiti artists have problems with the police. In other countries, artists can draw and paint in certain places. For example, in Taiwan, there are 'graffiti zones' where artists can paint on walls. In Sao Paulo in Brazil, street artists can paint pictures on walls and houses. Their pictures are colourful and beautiful. Some tourists visit Sao Paulo just to see the street art!

In Bristol in the UK, there is a street art festival in August every year. Artists paint all the buildings in a street. Lots

of people come to watch the artists and take photos. You can see exhibitions of street art in some galleries too. There are exhibitions of street art in galleries in Paris, London and Los Angeles.

### Who are the artists?

Some street artists are famous:

Os Gemeos are twin brothers from Sao Paulo. They paint big, colourful pictures of people on buildings. In 2007, they painted a castle in Scotland!

Blek le Rat is from Paris. He is famous for painting pictures of homeless people in big cities.

Faith47 is from Cape Town in South Africa. She paints big, colourful pictures of people and animals. She likes painting in different places and you can find her work on buses and, of course, on walls!

### The future of street art

Many street artists use the Internet to look at photos of street art from around the world. They talk to other artists online and discuss ideas. Some street artists are famous and you can see their pictures in galleries. We do not know about the future of street art, but it is here to stay for sure!

## The needle tree

There were once two brothers who lived near a forest. The elder brother treated his brother badly. He ate younger brother's food and took all his good clothes.

One day, the elder brother went into the forest to find some branches to sell at the market. After some time he saw a magical tree.

The tree said to him: "Oh kind sir, please don't cut my branches. I'll give you my golden apples".

The elder brother agreed but he did not like the number of apples. He wanted more apples. The magical tree did not say anything but it threw hundreds of small needles upon the elder brother. The boy was crying in pain.

In the evening the younger brother looked for his elder brother and found him with needles in his body. He was sorry about his brother and helped him. The younger brother took out all the needles and the elder brother became healthy again. He understood that he was wrong about his younger brother and he was sorry.

The magic tree saw the change in the elder brother's heart and gave them a lot of golden apples.

### Moral of the story

It is important to be kind to people and other people will be kind to you.

## The strange bird with two heads

Once upon a time, there lived a strange bird with two heads: the left head and the right head. The two heads did not like each other. But they had one body! The strange bird lived in a big tree near a river.

One day, the left head of the bird saw a beautiful tree that had a bright red fruit. The left head of the bird wanted to eat the fruit and the bird flew down to pick the fruit from the tree.

The bird took the sweet fruit, and sat by the river. The left head started eating it. When it was eating, the right head asked: "Can you give me a piece of fruit?"

The left head said: "See, we have only one belly. So if I put something in my mouth, it will go to our belly."

"But I want to taste the fruit," said the right head.

The left head was angry: "I saw the fruit first, so I can eat it without anyone."

The right head felt sad.

A few days later, the right head saw a beautiful pink fruit in a tree. The bird flew down near the tree and tried to pick the fruit and eat it.

The other birds living in the tree said: "Don't eat it. It's a poisonous fruit. It will kill you."

The left head shouted: "Don't eat it. We will all die."

However, the right head did not listen to the left head. It said: "I will eat it, because I saw it first. Don't stop me."

Finally, the right head ate the pink fruit, and in a few minutes, the strange bird with the two heads died.

### Moral of the story

If you are not friendly, all the family feels bad.

# UNIT 3 Sport

## Inquiry question:

Why is sport good for us?

## Inquiry theme:

To understand why physical activity is good for mind and body

## In this unit you will ...

- ✓ read short texts and fact files
- ✓ listen to dialogues and interviews
- ✓ ask for and give information about sports and its importance
- ✓ learn about the importance of keeping active
- ✓ learn about sports at school in the UK and USA
- ✓ learn how to agree with people's opinions

# LESSON 1 Keeping active

## 1a Work in pairs. Look and think.

Look at the skeleton and muscle groups inside our body.

What do you notice?

Why do you think we need bones?

Why do you think we need muscles?

Our body is more than what we see when we look in the mirror. There are **different parts** that have **different jobs**. Each part works together so we can eat, sleep, sit in class and play with friends.

Our skeleton has main functions:

- To support the body. For example, without a backbone we would not be able to stay upright.
- To protect some of the vital organs of the body. For instance, the skull protects the brain; the ribcage protects the heart and lungs.
- To help the body move. Some bones in the skeleton are joined together and cannot move against each other. Most of the bones are joined to each other by flexible joints. Muscles are needed to move bones.

Bones, joints and muscles make up our musculoskeletal system. Together, they help us move and support an active lifestyle. Keeping our bones, joints and muscles healthy is important.

## 1c Look at the words in the cloud and label the skeleton.

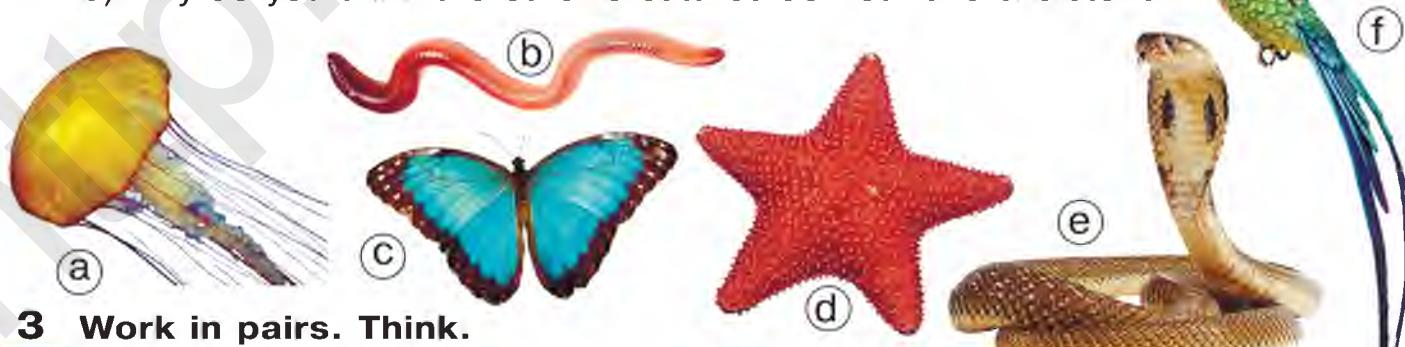

1 \_\_\_\_ 2 \_\_\_\_ 3 \_\_\_\_ 4 \_\_\_\_ 5 \_\_\_\_ 6 \_\_\_\_

b) Why do you think the other creatures do not have skeletons?

## 3 Work in pairs. Think.

Why do you think animals and people need to move?

## Win or lose

Pete did not like to lose any game. His parents, teachers, and friends said he did not know how to lose. He did not like losing even at simple games. It was so great, and he felt so good when he won. He never wanted to stop that feeling; not for anything in the world. He thought that losing was the worst thing in the world. If there was a game Pete was not good at, he simply did not play it. But he took part in any game when he could win, even if the game only lasted a minute. And nobody could stop him playing the things he was really good at, like table football.

A new boy started at Pete's school, and his name was Albert. Albert was a wonderful table football player. One day they wanted to play table football together.

Pete was training very hard.

Albert, on the other hand, did not think much about the game. He was talking to friends, smiling and making jokes about all sorts of things.

But on the football table, Albert was really brilliant. He scored goals again and again, laughing and joking all the time. However, Albert did not pay attention to the match.

And Pete decided to cheat. When Albert was looking at the other side, Pete changed the scoreboard. Albert did not notice it, and so Pete won by cheating.

Pete made a big thing of his win, but Albert was not sad.

"It was fun. We should play again some other time", said Albert.

On that day, people at school talked much about the game. But, that night, Pete did not feel happy. He won, but he did not enjoy so much. What's more, Albert did not feel bad about losing.

And, what was the worst thing, the next day Pete saw Albert playing basketball. He played badly and he lost time after time. But that happy smile never left his face. Pete watched the new guy for several days. He was great at some things, terrible at others but he enjoyed everything all the time. Pete began learning that to enjoy a game you must not only win. You can win or lose. What you must do is enjoying the game, trying to do well, and enjoying each moment of it.

Finally, Pete started telling jokes when he was playing games. The only sad thing for him was when a game finished.

Soon the older children started saying: "Good player is that Pete. He is sure not a loser."

## The horse riding

Jimmy was a very fat boy. He was always sad because of his weight. So, he decided to visit a doctor. He said to the doctor: "How can I lose my weight? Everybody laughs at me at school."

The doctor told him to do exercises every day. After few days, he again went to the doctor and said: "I did exercises every day but I didn't lose my weight."

The doctor asked him what exercises he did.

Jimmy replied: "I go for horse riding every day. The result is that I have had more weight and the horse has lost weight."

The doctor laughed and showed him how to exercise.

The most exciting moment of the opening ceremony is the lighting of the Olympic Flame, another symbol of the Olympic Games. Runners bring a torch from the valley of Olympia in Greece. Thousands of runners take part in the journey. The journey starts four weeks before the opening of the Games. At the opening ceremony, the final runner carries the torch to the stadium, and lights the new Olympic Flame. Then there is a very big song, dance and music show. ## Basketball is my favourite sport.

December 19, 2008

By Daniel Jarasa, Glendale, CA

The sport of basketball is fun for any person: young or old. Basketball is a great way of exercise, a great way to have fun with friends and make some new ones. I think playing basketball is better than playing video games or watching television.

I love basketball because you can play the game with or without friends. I prefer to play in teams. One more thing I love basketball is that there are many different styles of play. The players can pass, throw or jump high very well.

When I have the ball, I feel the best and no one can stop me. I love playing basketball but I also love watching it. To me basketball is the best sport of all other sports like baseball and football.

I like watching basketball on television because you can see how well famous sportsmen play basketball. I watch their

moves and then I try to use them in my play. My favourite basketball player is Kobe Bryant. He makes basketball as a game for little children.

He is 30 years old and he is one of the best athletes in the world. He is a big model to many children who enjoy playing this sport. He knows how to play and win. I want to play like Kobe Bryant.

I think I am playing better and better every time I play basketball. Basketball is my favourite sport.

## My Hobby, My love, Dance

April 23, 2014

By Anna, Cannon Falls, Minnesota

Dance is more than just a sport. Dance is something where you work hard, something you put all of your free time. Dance is a sport that you never want to stop. You need to dance until the end, until you become the best dancer. In order to be the best dancer, you need to practise during your free time at home.

The most exciting part of dance is the competitions, where you show your dance in front of hundreds of people. Before the performance you should be sure that your hair and costume looks wonderful. When your dance costume is ready, it is time to practise your dance before you go out on the floor. When we hear "Now dancing is the C. F. Bomber Dance Team!", we come out onto the middle of the floor. When the

music starts, then you need to begin your dance. It is time to show the world what you have learned about dancing over the years.

The people clap hands to me and my team when the music ends. All the dancers from towns all over Minnesota go to the gym to see the best three teams. Finally, a man stands up and says: "The school that came in second place is ... the Bombers!!!" Every dancer from my school is jumping and crying. We got second place at the very first competition!

Then it is time to visit your family and friends that came to see you. Sometimes it is fun especially when they bring you gifts such as flowers, shirts, ice cream etc. Then we go home with our families.

Dance is my most favourite sport. It is the one thing I love very much, and I love my friends-dancers. I am waiting next November when my favourite hobby and sport will start again.

# UNIT 5 What we wear

## Inquiry question:

What do my clothes say about me?

## Inquiry theme:

To understand that the clothes you wear are part of your personal and cultural identity

## In this unit you will ...

- ✓ read short texts and fact files
- ✓ listen to dialogues and short texts
- ✓ ask for and give information about clothes we wear
- ✓ learn what the clothes we wear can say about our identity
- ✓ learn how to say what the things are made of
- ✓ learn how to express opinions about different clothes people wear

# LESSON 1 What do my clothes say about me?

**1**  Work in pairs. What do you know about clothes?

**2**  Look and think. When can you wear these clothes? Write.

**3a** Work in pairs. Look at the pictures.

What do the clothes say about these people?

**3b** Read and check your guesses.

Clothes can tell us a lot about the person. Clothing styles and its appearance tell us about the age of people and their way of life. It can tell us about their tastes and culture. They can also tell us about their favourite sports group, music or people they love.

**1** Formal clothing: People wearing formal clothes are very serious about their work. They get dressed very neatly. Many people wear formal clothes for professional or personal reasons. People with formal clothes are usually businessmen and they are not poor. A young boy or a girl in formal clothes can tell you that they are from a very important family.

**2** Hip hop clothing: This style is becoming popular with young people. They wear big T-shirts, flat caps and low trousers. These young people want to show that they do not like something in their lives.

**3** Sports clothing: These people want to wear what they like. Most of the people are teenagers. This style is popular with both boys and girls. They use this style to show that they are brave and want changes in their lives.

**4** T-shirts and jeans: This clothing style is popular with a lot of people in the world. The best thing about this style is that it is cheap and comfortable, and we can use it every day or on special days. People of different ages and professions wear jeans and T-shirts.

## LESSON 2 What are you wearing?

### 1 Work in pairs. Explain the saying.

### 2a Work in pairs. Read and find the new words.

pay attention, well-dressed,  
casual, fashion, suit (v)

There is no bad weather, there are bad clothes.

Fashion and clothes are an important part of modern life. If a person wants to be popular, he or she must look nice. When people speak to you, they always pay attention to your appearance and your clothes. If you look untidy, people do not like it. There is a saying that says "good clothes open all doors".

Most people do not choose their clothes to the latest fashion. They wear what suits them, what is comfortable and what is not expensive. I guess you should choose things according to your taste and character, and then you can look well-dressed even if you wear something casual.

### 2b Work in pairs. Ask and answer.

- 1 Do you pay attention to your friends' clothes?

## Robin Hood and the Golden Arrow Story

In all the land, no one was better with a bow and arrow than Robin Hood. He lived with his Merry Men in Sherwood Forest. That was the forest where the King kept his royal deer.

A few years before, King Richard ruled the land. King Richard was kind and let people who were poor come into Sherwood Forest. They could hunt the deer to get food for their families. But then King Richard and his army left England. His younger brother John became a new King. Bad King John did not want anyone to come into Sherwood Forest to hunt the royal deer. From then on, anyone who hunted in Sherwood Forest could be put in prison!

Robin Hood did not like that. He moved into Sherwood Forest. He wore green clothes from his cap to his boots, the colour of the trees of Sherwood Forest. Nobody could see him as he hunted the King's deer. Sometimes other brave men came into Sherwood Forest. One by one they joined Robin Hood, and became his Merry Men.

Robin Hood and his Merry Men took money from the rich and gave it to the poor. The rich men were not happy. They said: "We must do something about this!" The King told the Sheriff of Nottingham to catch Robin Hood - once and for all!

But the man in green was too quick. The Merry Men told Robin Hood about danger each time when they saw the Sheriff of Nottingham or one of his people in the forest.

So the Sheriff made a new plan: "I will call for a great competition", he said, "to find out who is the best in the land with a bow and arrow. The winner will go home with a Golden Arrow". Then he said: "I know that Robin Hood will take part in the competition. And when he comes, we will catch him!"

"Robin Hood, don't go to the competition! They want to catch you", said Little John and other Merry Men. Little John was Robin Hood's best friend. "When they see you, they will catch you."

Robin Hood said nothing. He wanted to go.

On the day of the competition, ten fine bowmen lined up. The round target was so far away it was hard to see its black and red circles. One by one, each young man shot his best arrow. Some of the arrows landed on the target. No one came close to the center.

The Sheriff turned to one of his guards: "Do you see him? Is he here?"

"No, Sire. Robin Hood has red hair. People who are shooting have no red hair."

"Robin Hood is afraid of me!", said the Sheriff, "That's why he stayed away."

Two bowmen were left. The first was William, the Sheriff's man. With care, William took a shot. His arrow landed at the very center of the target - a bull's eye!

It was time for the last Bowman. His arrow landed right through William's bull's eye arrow, cutting it in half! Then, the Bowman let go of two more arrows. Each one flew to where the Sheriff was sitting, one arrow on each side.

The Sheriff did not know what was happening! Then the man in green pulled off his hat and threw it on the ground. His hair was red!

"Get him!", shouted the Sheriff, "It's Robin Hood!"

But our hero jumped over the wall to a horse waiting for him. He went away!

Dear Leader

We have seen the plan for a new advertising billboard outside the bank in Navbahor Street. We are writing to tell you we are against this plan. We already have some advertising billboards in our mahalla. They advertise things like chocolate, biscuits, drinks, mobile phones, restaurants and cafes. Children see the billboards and ask their parents to buy the things. The things are very expensive. Parents cannot buy the things and they feel sorry. Children learn bad habits. ### Harry Potter and the Philosopher's Stone

The Dursleys had all they wanted, but they also had a secret. The secret was about the Potters. Mrs. Potter was Mrs. Dursley's sister, but Mrs. Dursley did not like her sister. The Dursleys knew that the Potters had a baby son, but they did not want to see him.

The story started on Tuesday when Mr. and Mrs. Dursley woke up. They did not see a large owl behind their window. At half past eight, Mr. Dursley left the house and got into his car. On the corner of the street he saw something interesting - a cat was reading a map. For a second, Mr. Dursley did not understand what it was. He closed and opened his eyes and tried not to think about the cat.

As he was driving he saw a lot of strange people. They were wearing green cloaks! Mr. Dursley did not like the people who got dressed funny clothes.

Mr. Dursley always sat with his back to the window in his office on the ninth floor. So he did not see the owls flying at daylight, but the people down in the street were looking at them.

Mr. Dursley made several important telephone calls and decided to walk to the bakery. In the street he again met some people in cloaks and it made him angry. They were talking about the Potters and their son Harry. When Mr. Dursley heard those words, he stopped. He was scared. He looked back at those people. Then he walked up to his office, closed the door and told his secretary not to take the telephone.

He decided not to tell his wife about the news because Mrs. Dursley was always

sad when somebody talked about her sister. When he left the building at five o'clock, he met a small man. He was wearing a violet cloak.

"Sorry", Mr. Dursley said to the small old man. The small man answered: "Don't be sorry, my dear sir. You should be happy that You-Know-Who has gone at last! Even Muggles like you, should celebrate this happy, happy day!"

Mr. Dursley could not move when he heard it. Someone called him a "Muggle"? He did not understand what it meant. He turned to his car and went home.

As he drove to house No.4, he saw that cat again. It was now sitting on his garden wall. It was looking at him.

"Shoo!", said Mr. Dursley loudly. The cat did not move. It just looked at him angrily. "Was this a normal cat?" Mr. Dursley thought and went into the house.

Mrs. Dursley had a nice, normal day. Mr. Dursley tried to act normally. When Dudley went to bed, he went into the living room to watch the evening news. He heard on the news that there were a lot of owls in the country.

Mr. Dursley sat frozen in his armchair. Owls flying by daylight? Strange people in cloaks everywhere? And the words about the Potters. He asked his wife about the Potters but she did not hear about them.

A thin old man in a cloak appeared near the cat in the street. He was Albus Dumbledore. The cat was Professor McGonagall.

Dumbledore asked her why she was not happy. Professor McGonagall answered: "I'm thinking about the baby Harry Potter".

Dumbledore said: "The boy should live with his aunt and uncle because Voldemort killed his parents. He wanted to kill Harry too, but he couldn't".

Then Hagrid, a very big man, appeared. He had a little child in his arms. It was Harry Potter. They wrote a letter to the Dursleys about Harry and put the boy and the letter near the door. McGonagall said: "Harry becomes a famous superstar in the future". They said good bye to the child and went away.

### 2a Work in pairs. Read and answer the questions.

- 1 Why is Tashkent's Ecological Park unique?    2 What can you do there?  
3 How do they reuse old things?    4 What can we learn there?

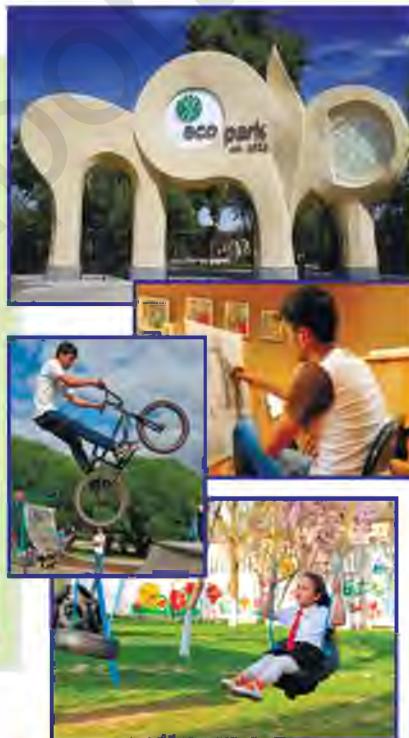

### Welcome to Ecopark in Tashkent. Here you will find information and view photos.

Ecopark is Tashkent's first ecological park where people used 'reduce, reuse, recycle' ideas. It opened its doors in April 2018. Many things here are made of old car wheels, plastic bottles and metal pipes.

Tashkent Ecopark is an interesting place for people to learn new ways to take care of nature in the place where people live and work. Adults and children like a big spider made of metal pipes, flowers made of coloured packets and other things.

In the park we can do a lot of leisure activities. People do sport and play games here. In the art studios in the center of Ecopark children can make figures and draw pictures with the help of well-known artists.

Ecopark is a place for people who want to spend more time in the open air with friends and families. They learn to care for the nature in a busy city.

### 2b Work in pairs. Ask and answer.

## HOME READING

David Copperfield was born in a village in England. His father died before he was born. David's mother looked after him well. He went to the best school in the village.

When David was six years old, his mother married a man by the name of Murdstone. Murdstone did not like David and David did not like him. Murdstone

decided to send David to a boarding school. Next day he left his mother and went to live there.

He was in boarding school for two years. Then he heard about his mother's death. He went home, there he found Murdstone sitting on a chair. He looked at David and said: "Your mother is dead. I have no money for your education. You must start working. Tomorrow you will leave for London."

So, at the age of ten, David Copperfield was in London streets without money, food or home. He remembered his mother told him that in Dover lived his aunt, his father's sister. David never saw her. He walked to Dover to his aunt's house.

It was morning when David came to his aunt's house. Her name was Miss Trotwood. She was in the garden, when she saw a poor boy looking at her.

She asked: "What is it boy? What do you want?"

David said: "I'm David Copperfield, your nephew". He told her everything. Miss Trotwood took David inside, gave him a hot water bath and some food.

As days went by, Miss Trotwood put David in a good school and looked after him well. Miss Trotwood had a friend, Wickerden and his daughter Agnes. David and Agnes became great friends.

Wickerden was a rich man but his assistant, Micawber, was a bad man. He got a very important document and he decided to take Wickerden's money.

David often visited Wickerden's house. One day David saw some of Wickerden's papers. He did not believe Micawber and asked to see the documents. Micawber said: "David, these papers are about work and they are not important". But, David understood that Micawber had a bad plan against Wickerden. He went to the police and told everything. The police took Micawber and put him into prison.

Wickerden was happy that David saved his money and house. Agnes too thanked David for her father.

A few years later David and Agnes, who were in love with each other, got married. They lived happily for a long time.

# LESSON 4 Have you ever been to the desert?

## 1 Work in pairs. Answer the questions.

- 1 Where is Uzbekistan situated?
- 2 What geographical features does it have?

## 2b Read and check your guesses.

A Deserts cover about one-fifth of the Earth. Deserts are regions where the rainfall is less than 250 mm a year. In some years there is no rain at all. Deserts do not have much vegetation because of dry climate. They are usually covered by sand and stones. There are hot and cold deserts. Hot deserts are in Australia, south Africa and the Middle East. They have a very high temperature in the summer, sometimes over 50 degrees C. The icy continent of Antarctica is an example of a cold desert.

B The world's largest desert is the Sahara. Many plants found in the Sahara live in the two-to-three week time after a good rain. In 2005 African countries with African Union and other international organizations started a new programme. They started planting a 15-kilometre "wall" of trees from the western to the eastern part of the continent to stop desertification.

C The animal life in the Kalahari Desert is richer in the north than in the south. We can see there a lot of giraffes, zebras, elephants, buffalo, antelopes, lions, cheetahs, leopards, wild dogs, foxes, lizards, snakes and different birds.

## The Flying Lion (African folk tale)

Once upon a time, the Lion could fly. His wings were like the wings of Brother Bat, but they were very big, and very thick, and very strong. So he made a big wind with them when he flew into the air. When he was high above the earth, he looked down for something to kill. So this is how he hunted in old times.

There was only one thing he was afraid of, and that was the bones of the animals he caught and ate, which could be broken to pieces. No one knew why, and everyone was frightened of the Flying Lion. He kept the bones in his house and two White Crows guarded them.

But one day while the Flying Lion was away, Brother Big Bullfrog came and said: "Why do you sit here all day, you Whitehead Crows?"

And the White Crows said: "We sit here to look after the bones for the Flying Lion."

"But you must be tired of sitting!", said Brother Big Bullfrog, "You fly away a little and stretch your wings. I will sit here and look after the bones."

The White Crows stretched their wings and flew away. But soon Big Bullfrog said: "Now I want to find out why the Flying Lion keeps the bones and why he is afraid of broken bones".

He broke all the bones he could find in the house. Crack! crack, crack, crack! When he finished, he hopped away, hop-hop-hoppity-hop, as fast as he could. When the White Crows came back, they were frightened to see all the broken bones.

"Craw, craw!", the White Crows said, "The Flying Lion will be so angry. He will bite off our nice white heads – craw, craw! – and without a head, who can live?" And they went after Brother Big Bullfrog.

"It's no good hopping away, Brother Bullfrog", they said, "the Flying Lion will find you wherever you are, and kill you."

But old Brother Big Bullfrog went to his pond and said: "When the Flying

Lion comes, tell him I am the man who broke the bones. Tell him where I live and if he wants to see me, he must come to me."

The White Crows wanted to catch him but they could not. There was much mud in the pond.

The Flying Lion was very angry when he knew about it. He roared – hoor-rr-rr-rr, hoor-rr-rr-rr. It was a terrible noise.

But now he could not fly, and he walked home. He found the poor White Crows. But soon they found out that he could no longer fly, so they were not afraid of him.

"Hoor-rr-rr-rr, hoor-rr-rr-rr!", he roared. The White Crows flew away and called out: "Ha! ha! ha! The Lion can't catch us! The bones are broken, and his wings don't work. Now men and animals can live again. We will fly away and tell them the good news."

From that day on he learned to walk quietly like a mouse. And the White Crows can no longer speak. They can only say: "Craw, craw."

The Natural History Museum in London opened in 1881. First it was a part of the British Museum. It is both a museum and the place where scientists work. It is a beautiful building. There are about 80 million things in the Museum and Darwin Centre. In 1905 the best known dinosaur's skeleton appeared there. This dinosaur is called Dippy. This dinosaur is known as the biggest in the world. The skeleton is 26 metres long. There are other types of dinosaurs, especially the popular T. Rex. There are stuffed birds, with the extinct dodo bird. People can compare a little humming bird's egg with that of an elephant bird (now extinct), which is as big as a football. Every year the museum has new exhibitions, as well as some events like favourite "Wildlife Photographer of the Year" and "Sensational Butterflies". You can visit the museum after hours including movie nights, monthly late openings and the chance to sleep at the museum with dinosaurs.

### 2c Work in pairs. Complete the questions.

e.g. in/museum/What/opened/1881?

### 2d Work in pairs. Answer the questions in 2c.

## Icarus and Daedalus

Once upon a time, a long time ago, there lived a talented artist. His name was Daedalus. He used his art to make buildings and castles. He was the best architect of his time.

King Minos invited Daedalus to the beautiful island of Crete. The king wanted him to build a maze, as a home for the king's pet, the Minotaur. The Minotaur was a horrible monster, with the head of a bull on a human body. The king loved that monster and wanted him to have a good home.

Daedalus was surprised at the king's pet, but a job was a job. Daedalus planned to make the maze so that people could not find the way out. They needed somebody's help to go out.

The King liked that idea. Daedalus really was a fine architect.

Daedalus brought his young son Icarus with him. He wanted the child to enjoy swimming and playing with the other children on the island. Both Daedalus and Icarus were happy to live on the island.

King Minos was happy with his maze. It was quiet and wonderful on the island.

One day, a group of Greek men sailed to the island. They killed Minotaur and sailed away, taking with them the king's daughter.

King Minos was very unhappy. He did not know how the people could go out of the maze without help from someone.

King Minos decided that Daedalus and his young son Icarus must stay on the island of Crete.

Daedalus tried to think of ways of how to go home. One day, Daedalus noticed birds flying in the sky. It gave him an idea. Wings! He needed wings. Daedalus began to collect all the bird feathers he could find. He collected them together with wax. When two pairs of wings were ready, he told his young son not to fly too close to the sun or the wax could melt.

Daedalus fixed the wings to their arms. They opened their wings and flew to the sky. They left the island of Crete far behind them. Water was under them as far as they could see. The sky was blue. It was amazing!

Icarus flew higher and higher. He flew so high that the sun began to melt the wax on his wings. Icarus was falling down. He worked with his arms faster and faster. But it was no use. Poor Icarus fell into the water.

Sadly, Daedalus went on alone.

## LESSON 3 Exotic America

**1a Work in pairs. Write five things you know about the USA.**

**1b Read the two texts. Say what places they are about.**

①

Do you know where the Hawaii Islands are? Do you know what country they belong to? They are in the central part of the Pacific Ocean and belong to the United States of America. Hawaii became the 50th state of the USA in 1959. Captain Cook found these islands just a few years after he discovered Australia. He put these islands on the map and gave them a name.

②

The famous Rocky Mountains in the USA begin near Denver in Colorado and go up into Canada. In the south of the Rocky Mountains there are many beautiful canyons. Do you know what a canyon is? It is a deep narrow valley. One of the biggest canyons in the world is the Grand Canyon in Arizona.

**1c Read and match with the texts in 1b.**

a

Millions of years ago, in times of dinosaurs, the Colorado River was much bigger. Today, in the Grand Canyon you can see how big it really was. The word "grand" means "very big".

b

He called them the Sandwich Islands. Why this name? It was not because he stopped there to have a sandwich. The Earl of Sandwich was paying for Captain Cook's expedition and this was how the Captain thanked the Earl.

c

When tourists take part in a Hawaiian feast, a luau, they have fish, shellfish, coconut pudding, and pineapple, music and hula dancing. The hula is one of the most beautiful dances in the Islands. Some Hawaiian children learn to dance it when they are two years old and it is part of the school lessons.

d

The Canyon is over 349 km long and more than 1,3 km deep, and 20 km wide in places.

e

May 1st is a lei day. A lei is a garland of flowers which people wear round their necks. It symbolizes Hawaiian hospitality.

f

The Canyon has many beautiful colours that change during the day such as red, green, yellow and deep blue. A lot of tourists come to Arizona to see this wonder of the world.

## Kevin's holidays

Kevin was waiting for his holidays. His mother said about a big surprise for him during holidays.

Summer holidays started. Now he was free like a bird, free to draw, paint, play cricket and watch TV ... anything he wanted to do. Kevin took out his crayons and album. He was going to draw a picture when suddenly the doorbell rang.

It was his cousin Max. "Hiii!", cried Max and started jumping on Kevin's bed, breaking his crayons into parts, "I have come to stay here for the holidays".

Kevin was not happy to have such a "surprise" on his holidays. Max was Kevin's pain. He was always doing things wrong. So the next holidays will be the worst in his life.

The next few days were horrible for Kevin.

After breakfast Kevin decided to do a painting. Luckily, Max was not at home. Kevin took out all his art things and started painting a beautiful picture. When he was finishing his picture, Max entered the room with a Pepsi bottle. He poured Pepsi all over the painting, and the picture became bad.

The next day was even worse for him.

Everything was good in the morning and in the afternoon. Something bad happened in the evening. It all started when Max put the dirty clothes in the washing machine. After sometime Kevin heard some strange sounds from the washing machine. He went to look at it and found that Max put his best pair of shoes into the machine with the clothes.

One day Kevin was reading the newspaper when he saw interesting news. He read it aloud: "Last week someone stole Dick Brown's stamps". Dick Brown was famous all over the world for his stamp collection. They were very expensive. Some more people lost their stamp collections too. The police were looking for them.

People who had stamps were afraid to lose their collections. Kevin had a nice stamp collection and it was with his

friend Allan. He decided to get his stamp album back.

But Kevin could not go out because his mother's friend came to see them and his mother wanted him to be at home. Kevin decided to send Max to get his album. Kevin gave Max Allan's address, and Max left the house.

Max soon came back with the album, and when Kevin looked at it he found out that it was not his album. The stamps were very expensive.

Max lost his way and went to another house by mistake. The door was open but there were no people at home. The album was on the table. So Max went in and found an album. He took it and brought to Kevin.

Kevin thought that it was Dick Brown's album. Kevin called the police and told that he found a stamp album.

A week later Kevin and Max got good prizes for finding Dick Brown's album.

"I will never be angry at Max", Kevin thought.

"Kevin, I was jumping on the sofa and I broke your glasses. Anybody can make a mistake", said Max.

When I was a little child, my mother asked me: "What's the most **important** (важный) part of the body?"

I thought and said: "My ears, Mum, because to hear people and music is very important."

She said: "No. Many people cannot hear."

The next year she asked me again.

This time I told her: "Mum, it must be our eyes because to see is very important to **everybody** (каждый (человек); все)."

She looked at me and told me: "You're learning fast, but the answer is not correct because there are many people who cannot see."

**Some years later** (Несколько лет спустя), my grandad went to hospital and did not come back. Everybody was sorry.

My mother asked me: "Do you know the most important part of the body, my dear?"

I was **surprised** (удивляться) at that moment because I always thought this was a game between her and me.

She looked at me and told me: "This question is very important. Every year you gave me different parts of the body. And they were not the correct answer. But today is the day you need to learn this important lesson. The most important part of the body is your **shoulder** (плечо)."

I asked: "Is it because it holds up my head?"

"No", she said, "Everybody needs a shoulder **to cry** (плакать) on sometime in life. I hope you have enough friends to have a shoulder to cry on when you need it."

Now I know that the most important part of the body is when you feel the pain of others.

# Грамматический справочник

(Для учителей)

## 1) Имя существительное (Noun)

Слова, обозначающие названия предметов и отвечающие на вопрос кто? (*who?*) или что? (*what?*), являются именами существительными. Существительные могут употребляться с артиклями. В английском языке существительное имеет только два падежа: общий падеж (*student*) и притяжательный падеж (*student's*).

Исчисляемые существительные, такие как *book*, *car*, *chair*, называют предметы, поддающиеся счёту. Поэтому мы можем сказать *one car*, *two books*, *three chairs*. Они могут иметь форму единственного (a *cat*, one *book*) и множественного числа (two *chairs*, a *lot of books*). После существительных в единственном числе используются глаголы единственного числа, а после существительных во множественном числе глаголы соответственно будут во множественном числе: *This book is boring*. *These books are interesting*.

Неисчисляемые существительные, такие как *rice*, *water*, называют предметы, которые нельзя пересчитать по единицам. Мы можем сказать *rice*, но не можем сказать *one rice*. Поэтому неисчисляемые существительные имеют только форму единственного числа и, естественно, после них глаголы стоят в единственном числе.

### Множественное число существительных

Форма множественного числа существительных образуется путём добавления окончания *-s* или *-es*, неопределённый артикль при этом опускается.

Единственное число	Множественное число
a <i>banana</i> – банан	<i>bananas</i> – бананы
a <i>cat</i> – кошка	<i>cats</i> – кошки
an <i>orange</i> – апельсин	<i>oranges</i> – апельсины

Окончание *-s* (*-es*), образующее множественное число существительных, произносится по-разному:

1.	после <i>k, p, t</i>	<i>-s</i>	[s]	cat – cats; cap – caps
2.	после <i>b, d, g, l, m, n, r, v, w</i>		[z]	pen – pens; dog – dogs boy – boys
3.	после гласных			
4.	после <i>-ss, -sh, -ch, -x, -tch</i>	<i>-es</i>	[iz]	class – classes; box – boxes
5.	после <i>-se, -ce, -ze, -ge, -o</i>	<i>-s</i>		horse – horses; page – pages
6.	после <i>-f, -fe</i>	<i>-es</i>	[vz]	wolf – wolves; calf – calves shelf – shelves
7.	после <b>согласных + у</b>	<i>-ies</i>	[iz]	canary – canaries; puppy – puppies; hobby – hobbies

В английском языке есть такие существительные, множественное число которых образуется путём изменения корня слова: *man* – *men*, *woman* – *women*, *goose* – *geese*, *child* – *children*, *foot* – *feet*. Ещё есть такие существительные, у которых множественное и единственное числа одинаковы: *fish* – *fish*, *sheep* – *sheep*, *deer* – *deer*.

Такие существительные, как *trousers* (брюки), *shorts* (шорты), *glasses* (очки) и т. д., употребляются только во множественном числе. К таким существительным относятся слова, обозначающие один предмет, состоящий из двух частей. Подобные слова не имеют формы единственного числа. Так как эти существительные имеют форму множественного числа, глагол после них согласуется со множественным числом. Например:

My trousers **are** old. (не “**is** old”)

Your jeans **are** nice. (не “**is** nice”)

## 2) Артикль (Article)

Артикль, который свойствен английскому языку, используется перед существительными. В русском языке нет подобной части речи.

Существуют два вида артикля: 1) неопределённый – *a*, *an*; 2) определённый – *the*.

Перед словами, начинающимися с согласного звука (например, *b, c, d, f, g, h*), ставится *a*: *a book*, *a coat*, *a house*, *a letter*. А перед словами, начинающимися с гласного звука (например, *a, e, i, o, u*), ставится *an*: *an address*, *an egg*, *an old house*.

**Запомните!** *a/an* используются только с существительными в единственном числе. Они не используются с существительными во множественном числе, а также с неисчисляемыми существительными.

Неопределённый артикль		Определённый артикль
a [ə]	an [æn]	the [ðə]
<p>Неопределённый артикль используется в следующих случаях:</p> <ul style="list-style-type: none"> <li>- с существительными в единственном числе: <i>a cat, a zebra, an orange;</i></li> <li>- когда о чём-либо говорится в первый раз: <i>This is a book;</i></li> <li>- с исчисляемыми существительными в единственном числе после <i>have (has), there is: I have a brother. There is a ball;</i></li> <li>- в общих утверждениях, когда мы называем какой-либо предмет, лицо, явление, понятие: <i>He is a nice man;</i></li> <li>- когда говорится о чьей-либо профессии: <i>My father is a teacher.</i></li> </ul>		<p>Определённый артикль используется в следующих случаях:</p> <ul style="list-style-type: none"> <li>- перед порядковыми числительными: <i>the first, the second, the third;</i></li> <li>- при повторном употреблении в речи названия чего-либо: <i>The book is good;</i></li> <li>- когда говорящий думает, что сл�атель знает, о чём идёт речь: <i>Open the window please;</i></li> <li>- перед прилагательными в превосходной степени: <i>the fastest train;</i></li> <li>- перед существительными, называющими музыкальные инструменты: <i>the guitar.</i></li> </ul>

### Использование артикля перед именами собственными

Определённый артикль ставится перед:	Артикль не ставится перед:
1) названиями океанов, морей, рек и каналов; <b>e.g.</b> <i>the Atlantic Ocean, the Red Sea, the Amu Darya, the Panama Canal</i> и др.	названиями озёр; <b>e.g.</b> <i>Lake Windermere, Lake Ullswater, Lake Michigan</i> и др.
2) названиями горных цепей; <b>e.g.</b> <i>the Hisor Mountains, the Alps</i> и др.	названиями одиночных гор; <b>e.g.</b> <i>Mount Everest, Kilimanjaro</i> и др.
3) названиями групп островов; <b>e.g.</b> <i>the Canary Islands, the British Isles</i> и др.	названиями одиночных островов; <b>e.g.</b> <i>Tasmania, Madagascar</i> и др.
4) четырьмя географическими зонами; <b>e.g.</b> <i>the north, the south, the east, the west</i>	словами <i>northern, southern, eastern, western</i> и <i>North America, South America</i> (названия континентов)
5) названиями стран, в состав которых входят слова <i>Republic, Kingdom, States</i> ; <b>e.g.</b> <i>the Republic of Uzbekistan, the United States of America (the USA), the United Kingdom</i>	названиями континентов, стран, городов, штатов, областей, улиц; <b>e.g.</b> <i>North America, Uzbekistan, Africa, Tashkent, London, New York, Kashkadarya, Navoi Street</i> и др.
6) названиями пустынь; <b>e.g.</b> <i>the Mirzachul, the Sahara</i> и др.	именами людей; <b>e.g.</b> <i>Zafar, Sevara</i> и др.

**Запомните!** Когда речь идёт о людях, животных и предметах вообще, используется множественное число без артикля, например: *Cats and dogs are animals.*

### 3) Притяжательный падеж существительных (Possessive case)

Притяжательный падеж существительных (-'s или -') указывает на принадлежность кому-или чему-либо и соответствует в русском языке родительному падежу существительного. В форме притяжательного падежа могут употребляться существительные одушевлённые и имена собственные: *John's bike* (велосипед Джона); *the dog's tail* (хвост собаки).

Притяжательный падеж существительного в единственном числе образуется за счёт прибавления -'s к форме общего падежа. Притяжательный падеж существительных во множественном числе, оканчивающихся на -s/-es, образуется прибавлением одного апострофа. Сравните: *the student's books* (книги студента)  
*the students' books* (книги студентов)

При отсутствии окончания -s/-es у существительных во множественном числе (например, *men, women, children, people*) притяжательный падеж образуется при помощи -'s, то есть так же, как у существительных в единственном числе: *the children's park.*

### 4) Словообразование: book + shop (сущ. + сущ.)

Два существительных вместе (*noun + noun*) часто используются для обозначения одного понятия. Например: *a bookshop, a toyshop, a village committee, a school uniform*, и т.д.

В этих словах первое существительное несёт функцию прилагательного, т. е. даёт определение второго существительного, указывает его признак. Например: *a school bag, an English textbook.*

## 5) Имя прилагательное (Adjective)

Имя прилагательное – часть речи, обозначающая признак, качество лица или предмета и отвечающая на вопросы *какой?, какая?, какие?* Такие слова, как *bad, big, boring, good, interesting, new, old, small* являются именами прилагательными. Они используются перед существительными, а не после них: *a big прилагательное house существительное*.

В отличие от русского, в английском языке прилагательные не изменяются по родам, числам и падежам: *a fast car; fast cars*. При употреблении нескольких прилагательных перед существительным союз *and* не используется между ними: *a big bad wolf* (но не *a big and bad wolf*). Также порядок их использования будет следующим:

- 1) количество;
- 2) размер;
- 3) форма;
- 4) цвет;
- 5) национальность;
- 6) материал.

Например: *My robot has three large round black eyes.*

Прилагательные могут использоваться после таких глаголов, как *be, become, get, look, feel*. Например: *The water is cold. She looks happy. I feel hot/happy/angry/sad.* При употреблении нескольких прилагательных после таких глаголов союз *and* используется между последними двумя прилагательными: *He was tall, dark and handsome.*

Некоторые прилагательные могут образовываться путём прибавления “-y” к существительным, например: *rain+y = rainy, cloud+y = cloudy, sun+ny = sunny, ice+y = icy.*

Прилагательные также могут образовываться от глаголов путём прибавления окончания *-ing*. Например: *amaze + ing = amazing, interest + ing = interesting, bore + ing = boring* и т.д.

### Степени сравнения прилагательных

В английском языке есть три степени сравнения прилагательных: *положительная, сравнительная, превосходная*. Положительная форма прилагательного – это его начальная форма, без добавления вспомогательных частиц: *nice, green, old, young, tall, strong, beautiful, fast, slow, hungry, sad* и т.д.

#### Сравнительная степень прилагательного: *-er, more, than*

Сравнительная степень прилагательного используется для сравнения чего-либо с чем-либо. Сравнительная степень прилагательного образуется путём добавления к простой форме односложного или двусложного прилагательного частицы “-er” или употребления слова “*more*” (более) перед прилагательными, состоящими из двух или более слогов.

После прилагательного в сравнительной степени ставится союз “*than*” и сравнивается другой предмет. На русский язык данная степень прилагательных переводится как: *taller – выше, longer – длиннее, more beautiful – красивее, более красивый.*

<i>-er</i> добавляется к:	<i>more</i> используется перед:
1) прилагательным с одним слогом, например: <i>tall – taller, old – older, long – longer</i> и т.д.; 2) прилагательным с двумя слогами, которые заканчиваются на <b>-y</b> . Здесь <b>-y</b> заменяется на <b>-i</b> : <i>happy – happier, hungry – hungrier</i> ; 3) если краткое прилагательное имеет одну гласную + одну согласную, последняя гласная удваивается: <i>hot – hotter, big – bigger</i> . Но если оно имеет одну гласную + w, тогда w не удваивается: <i>low – lower</i> .	двусложными или многосложными прилагательными, например: <i>interesting – more interesting; beautiful – more beautiful; boring – more boring; difficult – more difficult.</i>

В английском языке существуют прилагательные исключения, которые не образуются по этим правилам: *good – better, bad – worse, little – less, far – farther/further, many/much – more.*

#### Превосходная степень прилагательного

Превосходная степень употребляется для сравнения прилагательного с целой группой. Обычно превосходная степень прилагательного образуется путём добавления к простой форме односложного или двусложного прилагательного суффикса “-est” или употребления слова “*most*” (наиболее) перед прилагательными, состоящими из двух и более слогов.

Перед прилагательным в превосходной степени нужно ставить определённый artikel.

На русский язык превосходная степень прилагательного переводится как: *the tallest – самый высокий; the longest – самый длинный* и т.д.

Существуют прилагательные исключения, которые не образуются по этим правилам: *good – the best, bad – the worst, far – the farthest/furthest, little – the least, many/much – the most.*

<b>-est</b> добавляется к:	<b>most</b> используется перед:
1. прилагательным с одним слогом, например: <i>cold – the coldest, big – the biggest</i> и т.д.; 2. прилагательным с двумя слогами, которые заканчиваются на <b>-y</b> . Здесь <b>-y</b> заменяется на <b>-i:</b> <i>easy – the easiest, early – the earliest;</i> 3. Если краткое прилагательное имеет одну гласную + одну согласную, последняя гласная удваивается: <i>hot – the hottest, big – the biggest.</i> Но если оно имеет одну гласную + w, тогда w не удваивается: <i>low – the lowest.</i>	двусложными или многосложными прилагательными, например: <i>interesting – the most interesting beautiful – the most beautiful boring – the most boring difficult – the most difficult</i>

Предложения с использованием прилагательных в превосходной степени образуются двумя способами: 1. Watching TV is the most popular activity for boys.

2. The most popular activity for boys is watching TV.

#### 6) Сравнительная степень с **as ... as / not as ... as**

Сравнение с выражением **as ... as** используется для определения одинакового качества – “такой же, как”. В этом случае прилагательное ставится между **as ... as**, например:

*Their house is as small as ours. I'm as tired as you are.*

В отрицательных предложениях используется выражение **not so ... as**, например:

*This tree is not as tall as that one. Today is not as cold as yesterday.*

#### 7) Повелительное наклонение

Повелительное наклонение передает приказ или просьбу. В повелительном наклонении глагол без частицы “to” ставится в начале предложения. Отрицательная форма образуется с помощью отрицания “Don't”, которое ставится на первое место.

Утвердительная форма	Отрицательная форма
<i>Go straight. Идите прямо. Stop. Остановитесь.</i>	<i>Don't go straight. Не ходите прямо. Don't stop. Не останавливайтесь.</i>

#### 8) Имя числительное (Number)

Слова, указывающие на количество или порядок предметов, называются **числительными**. Числительные делятся на количественные и порядковые.

##### Количественные числительные

Количественные числительные указывают на количество лиц или предметов и отвечают на вопрос сколько? (*how many?*), например: *one, two, three* и т.д.

Начиная с 20-ти между десятками и единицами ставится знак “-”, например: *twenty-five, thirty-seven, forty-eight, fifty-four, sixty-six, seventy-nine.*

##### Количественные числительные от 1 до 100

1–10	11–20	21–100

8 eight	18 eighteen	80 eighty
9 nine	19 nineteen	90 ninety
10 ten	20 twenty	100 a / one hundred

##### Количественные числительные от 100 до 1000

В числительных более чем 100 перед единицами и десятками используется “and”, а начиная с 120-ти между десятками и единицами ставится знак “-”, например: *one hundred and one, one hundred and two, one hundred and eleven, one hundred and twenty, one hundred and twenty-seven, one hundred and eighty-three, one hundred and fifteen, one hundred and twenty-five, one hundred and seventy-eight, one hundred and fifty, one thousand*.

100 a / one hundred 101 a / one hundred and one 102 a / one hundred and two 111 a / one hundred and eleven 120 a / one hundred and twenty 127 a / one hundred and twenty-seven	183 a / one hundred and eighty-three 415 four hundred and fifteen 525 five hundred and twenty-five 678 six hundred and seventy-eight 750 seven hundred and fifty 1000 a / one thousand
---	---

##### Количественные числительные более чем 1000

Обратите внимание, что числа после 1000 пишутся с запятыми и без пробелов. Они читаются: 1,300 – one thousand three hundred; 1,305 – one thousand three hundred and five; 3,309 – three thousand three hundred and nine; 4,643 – four thousand six hundred and

forty-three; 447,400 – four hundred and forty-seven thousand four hundred; 2,500,000 – two million five hundred thousand; 32,500,000 – thirty two million five hundred thousand.

Обратите внимание, что запятые или пробелы не используются в датах. Они читаются: 1300 – thirteen hundred; 1305 – thirteen-o-five; 1563 – fifteen-sixty-three; 1985 – nineteen eighty-five; 2001 – two thousand and one; 2018 – two thousand eighteen.

### Порядковые числительные

Порядковые числительные указывают на порядок предметов и отвечают на вопросы *который?, какой? (which?)*. Перед порядковым числительным используется определённый артикль “*the*”: *the tenth, the sixth, the third*. Порядковые числительные образуются путём прибавления “*-th*” ко всем количественным числительным, кроме 1, 2, 3. Порядковые числительные от *one, two, three* будут как: *one – the first; two – the second; three – the third*. При образовании порядковых числительных с помощью “*-th*” некоторые изменения могут наблюдаться в письме следующих чисел: *five – the fifth; eight – the eighth; nine – the ninth; twelve – the twelfth*.

### Порядковые числительные от 1 до 100

1–10		11–20		21–100

### 9) Местоимение (Pronouns)

Местоимение – часть речи, которая указывает на лица, предметы, их признаки, количество, но не называет их. Местоимение обычно употребляется в предложении вместо имени существительного, иногда – вместо числительного.

Лица		Личные местоимения	Притяжательные местоимения	Объектный падеж личных местоимений
Ч. е	I	I (я)	my (мой, моя, моё)	me (меня, мне)

### Указательные местоимения: this – these, that – those

*This* (эта, этот, это) употребляется для того, чтобы показать предмет, близкий к говорящему. *That* (та, тот, то) употребляется для того, чтобы показать предмет, удалённый от говорящего. Например: *This is a cat* – Это кошка. *That is a dog* – Та – собака.

*These* (эти) употребляется для того, чтобы показать предметы во множественном числе, физически близкие к говорящему. *Those* (те) употребляется для того, чтобы показать предметы во множественном числе, удалённые от говорящего. Например:

*these photos* – (вот) эти фотографии; *those pencils* – (вот) те карандаши.

### 10) Предлог (Prepositions)

В английском языке существует множество предлогов. Из-за того, что многие из них имеют более чем одно значение, они считаются сложными предлогами. Предлог в одном языке может иметь несколько переводов в другом языке.

### Предлоги времени: at, on, in, before, after

**Предлог “at”.** Этот предлог используется, чтобы сказать время по часам. Например: *I get up at 6.30. I have breakfast at seven.*

Со словами "night, midnight, midday, a.m., p.m." используется предлог "at". Например: *I go to bed at night. We watch cartoons at five p.m.*

С названиями праздников также используется предлог "at". Например: *We cook sumalak at Navruz. We have a lot of fun at New Year.*

**Запомните!** Используется вопрос "What time...?", а не "At what time...?", чтобы спросить "в котором часу ... ?". Например: *What time is the film?*

**Предлог "on" (в)**. Этот предлог употребляется перед днями недели, датами и такими выражениями, как *Monday morning, Friday afternoon*. Например: *I was at home on Wednesday. I get up late on Sundays. My birthday is on 15 May. I go swimming on Monday mornings. We don't work on Constitution Day.*

Предлог "**in**" (в, в течение) употребляется перед частями суток: *morning, afternoon, evening: in the morning, in the afternoon, in the evening*. Например: *I go to school in the morning.*

Кроме того, предлог "in" употребляется перед месяцами, годами и временами года: *My birthday is in April. I was born in 2008. Snow falls in winter.*

**Запомните!** Предлоги не употребляются перед выражениями с "this, next, last, every". Например: *What are you doing this afternoon? Goodbye. See you next week. We played tennis last Saturday. I go to my friend's house every week.*

Предлог "**before**" (до, перед) используется, чтобы сказать, что какое-л. действие происходит перед каким-л. временем, а предлог "**after**" (после) – после, например: *Before breakfast I get up and have a shower. After lunch I play basketball.*

#### **Предлоги места: in, on, at**

Предлог "**in**" (в, на) указывает на нахождение в пределах или внутри чего-л. Например: *'Where's Botir?' 'In the kitchen.' There's nothing in the fridge.*

Предлог "**in**" также указывает на нахождение в/на каком-л. месте: на улице, в районе, в городе, в области, в республике, в государстве, в стране. Например: *They live in Navoi Street. Farid is in Bukhara.*

Предлог "**on**" (на) указывает на нахождение на чём-л. или на поверхности чего-л. Например: *There are six books on the table. She has photos on the wall.*

Предлог "**on**" также указывает на нахождение предмета справа или слева от чего-л. Например: *The fridge is on the right. The cupboard is on the left.*

Предлог "**at**" (у, около; на, в) указывает на нахождение около какого-л. предмета или в каком-л. месте. Кроме того, этот предлог используется с указанием места встречи, остановки/станции. Например: *The boy is at the door. Let's meet at Aziz's house this evening. Turn left at the bus stop/corner.*

Предлог "at" также используется со следующими словами: *at breakfast/lunch/dinner, at home, at a restaurant, at work, at the office, at the theatre/cinema, at a party, at (the) school/college/university, at the hospital, at the bank, at the supermarket.*

#### **Другие предлоги места**

*under* – под; *near* – около, рядом; *in front of* – перед; *opposite* – напротив; *behind* – позади; *next to* – рядом с ...; *between* – между; *from* – из, от, с

*The book is under the chair. The cooker is between the window and table. The sports club is opposite the library. The library is next to the school. Malik is in front of Tohir. Tohir is behind Malik. We live in a village near the town. Take it from him.*

#### **Предлоги "by" и "on"**

Предлог "**by**" употребляется в английском языке для передачи значения: поехать куда-нибудь на каком-либо транспорте, совершить путешествие (например: *by bus, by car, by minivan, by train, by bike, by motorbike, by plane*). Для выражения значения пойти куда-либо пешком используется предлог "**on**" (например: *on foot*).

#### **Предлоги направления**

Предлог "**to**" (к, в, на) указывает на направление: *I go to school on foot.*

Предлоги "**from... to...**" (из... в...; от... до...) могут быть предлогами направления и времени: *I walk from school to home. I have lunch from 1 o'clock to 1.30.*

Предлог "**get to**" означает: попадать, прибывать куда-л.; добираться до какого-л. места: *I get to school at 8 o'clock.*

**Запомните!** Между "get" и "home" не употребляется "to": *I get home at 2 o'clock.*

## 11) Простое настоящее время (Present Simple Tense)

Простое настоящее время употребляется:

а) для выражения действий, общих для всех времён. Например: *My parents live near Samarkand* (Мои родители живут недалеко от Самарканда);

б) для выражения обычных, часто повторяющихся действий. Например: *We play football on Saturdays* (Мы играем в футбол по субботам). В этом случае часто используются следующие наречия времени: *always* (всегда), *never* (никогда), *often* (часто), *sometimes* (иногда), *usually* (обычно), *once a day* (один раз в день), *twice a week* (дважды в неделю), *every day/month/year* (каждый день/месяц/год).

### Образование утвердительных предложений в простом настоящем времени

Для всех лиц (I, you, we, they), кроме 3 лица единственного числа (he, she, it), утвердительные предложения образуются при помощи глаголов без частицы "to". В 3 лице единственного числа у глаголов простого настоящего времени прибавляется окончание "-s" или "-es".

Лица	Утврд. предл.	Вопрос. предл.	Отриц. предл.
Ед.	I like ... .	Do I like ... ?	I do not (don't) like ... .
	II You like ... .	Do you like ... ?	You do not (don't) like ... .
	III He She It likes ... .	Does { he she it } like ... ?	He She It does not (doesn't) like ... .
Мн.	I We like ... .	Do { we } like ... ?	We do not (don't) like ... .
	II You like ... .	Do { you } like ... ?	You do not (don't) like ... .
	III They like ... .	Do { they } like ... ?	They do not (don't) like ... .

### Как прибавить окончание "-s" или "-es" к глаголам 3 лица ед. числа?

- 1) Окончание -s прибавляется ко многим глаголам: *work* → *works*;
- 2) К глаголам, оканчивающимся на -s, -sh, -ch, -x, прибавляется окончание -es: *wash* → *washes*; *teach* → *teaches*;
- 3) К глаголам, которые имеют непроизносимую -e в окончании, добавляется -s: *write* → *writes*;
- 4) К глаголам, оканчивающимся на -o, прибавляется окончание -es: *go* → *goes*;
- 5) Исключительный случай: *have* → *has*;
- 6) Глаголы 3 лица единственного числа с окончанием -y образуются следующим образом: к глаголам, оканчивающимся на гласную + у (-ay, -ey, -oy, -uy), прибавляется окончание -s: *say* → *says*; *play* → *plays*;
- 7) У глаголов, оканчивающихся на согласную + у (-dy, -ly, -py, -ry и т.д.), буква -y меняется на -i и прибавляется окончание -es: *fly* → *flies*.

### Образование вопросительных предложений

Для образования вопросительного предложения используется вспомогательный глагол "do" или "does". Вспомогательный глагол "do" используется со всеми лицами, кроме 3 лица единственного числа. Для 3 лица единственного числа используется вспомогательный глагол "does", который ставится перед подлежащим. При образовании вопросительного предложения при помощи вспомогательного глагола "does" основной глагол теряет окончание "-s" или "-es" (см. таблицу выше).

### Образование отрицательных предложений

Для образования отрицательного предложения используется "do not (don't)" или "does not (doesn't)". Вспомогательный глагол "do not (don't)" используется во всех лицах, кроме 3 лица единственного числа. Для 3 лица единственного числа используется "does not (doesn't)", который ставится после подлежащего. При образовании отрицательного предложения основной глагол теряет окончание "-s" или "-es" (см. таблицу выше).

## 12) Настоящее длительное время (Present Continuous Tense)

**Образование.** Для образования **утвердительного предложения**, выражающего настоящее длительное время, используется одна из форм настоящего времени глагола "to be" (am, is, are), а также к глаголу прибавляется окончание "-ing" (см. сведения об образовании глаголов с окончанием "-ing" в разделе "Gerund").

В устной речи используется сокращённая форма глаголов "am", "is", "are" → 'm, 's, 're. Например: *I'm working. He's (she's/it's) coming. We're (you're/they're) talking.*

Для образования **вопросительного предложения** одна из форм настоящего времени глагола "to be" (*am, is, are*) ставится перед подлежащим, а после подлежащего используется глагол с окончанием "-ing" (см. таблицу ниже).

При образовании **отрицательной формы** после формы глагола "to be" используется отрицание "*not*", затем глагол с окончанием "-ing". В устной речи в таком предложении используется краткая форма отрицания "*am not*", "*is not*", "*are not*" → '*I'm not*', '*'s not*', '*'re not*' (см. таблицу ниже).

Лица		Утверд. предл.	Вопрос. предл.	Отриц. предл.
Ч. ед.	I	I am ('m) working.	Am I working?	I am not ('m not) working.
	II	You are ('re) working.	Are you working?	You are not ('re not) working.
	III	He } She } is ('s) working. It }	Is { he } { she } working? it }	He } She } is not ('s not) working. It }
Ч. мн.	I	We } You } are ('re) working.	Are { we } { you } working?	We }
	II			You } are not ('re not) working.
	III	They}	they }	They }

**Употребление.** Настоящее длительное время используется для обозначения:

- действия, которое продолжается в течение речи говорящего: *I am speaking now* (Я сейчас говорю). *He is writing a letter* (Он пишет письмо).
- заранее запланированного действия, которое произойдет в будущем: *Next week we are going to Bukhara* (На следующей неделе мы полетим в Бухару).

### 13) Глагол "to be" (быть) в простом настоящем времени: *am/is/are*

Лица		Утверд. предл.	Вопрос. предл.	Отриц. предл.
Ч. ед.	I	I am (I'm)	Am I?	I am not (I'm not)

	II	You } are (you're)	Are { you }?	You } are not (you're not)
	III	They } (they're)	they }?	They } (they're not)

### 14) Простое прошедшее время (Past Simple Tense)

**Употребление.** Простое прошедшее время употребляется для выражения:

- действия, происходившего в какой-то период времени в прошлом и не связанного с моментом речи, таким как: *yesterday* (вчера), *last week* (на прошлой неделе), *last year* (в прошлом году), *in 2016* (в 2016 году) и др. Например: *I didn't see you yesterday. What time did you come?*
- последовательно происходивших в рассказе действий, например: *He went into the cafe, had a cup of tea and ...*

### Времена в прошлом

Прошлый год	Прошлая неделя	Вчера	Сейчас
-------------	----------------	-------	--------

### Образование. Утвердительное предложение

Утвердительное предложение прошедшего времени образуется использованием прошедшего форм глагола после подлежащего. В отличие от глагола простого настоящего времени глагол простого прошедшего времени не спрягается в 3 лице единственного числа, а имеет одинаковую форму для всех лиц единственного и множественного числа (см. таблицу на стр.120).

Глаголы прошедшего времени бывают **правильными** и **неправильными**. Глаголы, которые образуют прошедшую форму с помощью окончания **-ed**, являются правильными. Глаголы, которые образуют прошедшую форму другими способами (например, изменением корня), являются неправильными глаголами.

Утверд. предл.		Вопрос. предл.	Отриц. предл.
Ч. ед.	I You He She It We You They	Did I You He She It We You They	I You He She It We You They
Ч. мн.	cooked cakes. saw the cow.	cook cakes. see the cow.	did not (didn't) cook cakes. did not (didn't) see the cow.

#### Как образуются правильные глаголы прошедшего времени

- Окончание **-ed** прибавляется ко многим глаголам: *work* → *worked*; *help* → *helped*;
- К глаголам, имеющим немую **-e** в окончании, добавляется **-d**: *hope* → *hoped*;
- Форма прошедшего времени глаголов с окончанием **-у** образуется следующим образом: а) к глаголам, оканчивающимся на **гласную + у** (-ay, -ey, -oy, -uy), прибавляется окончание **-ed**: *play* → *played*; *enjoy* → *enjoyed*;  
б) в глаголах, оканчивающихся на **согласную + у** (-dy, -ly, -py, -ty и т.д.), буква **-у** меняется на **-i** и прибавляется окончание **-ed**: *try* → *tried*; *reply* → *replied*.

#### Удвоение согласных при добавлении окончания “-ed”

- если к глаголам **с одной гласной + одной согласной** добавляется окончание **-ed**, согласные удваиваются: *plan* → *planned*; *stop* → *stopped*;
- согласные в глаголах, где **две гласные + одна согласная** или **одна гласная + две согласные**, при добавлении **-ed** согласные не удваиваются: *wait* → *waited*; *work* → *worked*;
- если последний слог многосложных слов находится под ударением и состоит из **одной гласной + одной согласной**, при добавлении окончания **-ed** согласные удваиваются: *prefer* → *preferred*. Иначе не удваиваются: *wonder* → *wondered*.

#### Как образуются неправильные глаголы прошедшего времени

В английском языке не существует конкретных правил для образования неправильных глаголов прошедшего времени. Поэтому их следует заучить наизусть (см. таблицу неправильных глаголов на стр. 126).

#### Образование вопросительных предложений в простом прошедшем времени

Для всех лиц вопросительное предложение в простом прошедшем времени образуется использованием вспомогательного глагола **“did”** перед подлежащим. При этом основной глагол после подлежащего будет стоять в инфинитиве без частицы **“to”** (см. таблицу выше).

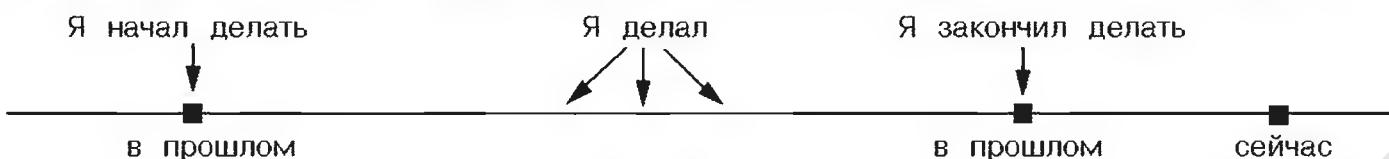

#### Образование отрицательных предложений в простом прошедшем времени

Для всех лиц отрицательное предложение в простом прошедшем времени образуется использованием вспомогательного глагола **“did not (didn’t)”** после подлежащего. При этом основной глагол после **“did not (didn’t)”** будет стоять в инфинитиве без частицы **“to”**.

#### 15) Прошедшее длительное время (Past Continuous Tense)

Лица	Утверд. предл.	Вопрос. предл.	Отриц. предл.
Ч. ед.	I	I was working.	Was I working?
	II	You were working.	Were you working?
	III	He She It was working.	Was he she it working?
Ч. мн.	I	We	We
	II	You	You
	III	They	They
	were working.	were working?	were not (weren't) working.

Прошедшее длительное время обозначает действие, происходившее в прошлом в определённый час (например, в 3 часа) или в определённый момент времени. Например: *We were watching TV at 3 o'clock yesterday.* Вчера в 3 часа мы смотрели телевизор.

Прошедшее длительное и прошедшее простое времена часто используются вместе, когда во время протекания одного, более длительного действия, происходит другое, более короткое во времени действие. Например: *I was going home when I met him. I saw you when you were talking to your friend. What were you doing when I phoned you?*

### 16) Настоящее совершенное время (Present Perfect Tense)

Настоящее совершенное время выражает законченное действие и связано с настоящим. Действие в прошлом имеет связь с настоящим. Например: *I can't find my money. I've lost it. (I lost it in the past and don't have it now.)*

Настоящее совершенное время часто используется для того, чтобы впервые сообщить о чём-либо. Например: *I can't walk. I've broken my leg. I've cut my finger. It's hurting me.*

Настоящее совершенное время имеет следующую структуру:

Утвердительная форма: подлежащее + *have/has* + *past participle*

Отрицательная форма: подлежащее + *have/has not* + *past participle*

Вопросительная форма: *Have/has* + подлежащее + *past participle*

Лица		Утверд. предл.	Вопрос. предл.	Отриц. предл.
ед.	I	I have cooked/lost.	Have I cooked/lost?	I have not (haven't) cooked/lost.
	II	You have cooked/lost.	Have you cooked/lost?	You have not (haven't) cooked/lost.
	III	He She It } has cooked/lost.	Has { he she it } cooked/lost?	He She It } has not (hasn't) cooked/lost.
мн.	I	We	{ we }	We
	II	You } have cooked/lost.	{ you }	You } have not (haven't) cooked/lost.
	III	They }	{ they }	They }

Причастие прошедшего времени (*past participle*) – это третья форма глаголов. Причастие прошедшего времени может быть выражено правильным или неправильным глаголом.

Правильные глаголы совпадают по форме с простым прошедшим временем правильных глаголов. (Правильные глаголы простого прошедшего времени – *finished/opened/talked* и т.д.)

Неправильные глаголы причастий прошедшего времени имеют различные формы, например: *lost/been/gone/broken/had*. (Смотрите таблицу неправильных глаголов на стр. 126.)

#### How long have you had ... ?

Чтобы узнать о продолжительности действия, которое началось в прошлом и продолжается до настоящего времени, используется вопрос: *How long have you had ... ?* (Как долго/как давно ... ?). Например: *How long have you had a pain in your leg?*

Ответы могут быть следующими: а) *I've had it for five hours.* Она (нога) болит пять часов.

б) *I've had it since 5 o'clock.* Она (нога) болит с пяти часов.

Ответ а) означает продолжительность боли. Ответ б) означает момент, с которого началась боль.

*five hours ago* → *now*

Например: *I've known him for ten years.*

Я знаю его десять лет.

*5 o'clock* → *now*

*I've known him since 1992.*

Я знаю его с 1992 года.

Таким образом, предлог *for* используется с: *5 hours, ten days, two weeks, three months, a long time* и т.д.

Предлог *since* используется с: *5 o'clock, Monday, May, Navruz, 2001* и т.д.

## Ever

*Ever* в настоящем совершенном времени употребляется для того, чтобы сказать или спросить о действиях когда-либо совершенных кем-либо в его/ее жизни. Например:

*Have you ever played tennis?* (Вы когда-нибудь играли в теннис?)

*It's the best film I've ever seen.* (Это лучший фильм, который я когда-либо видел.)

### 17) Выражение *there is* (*there are*)

В английском языке “*there is*” употребляется в единственном числе, когда говорят, что в каком-то определённом месте находится предмет. Во множественном числе употребляется “*there are*”. Например: *There is an orange in the box* – В ящике находится апельсин. *There are oranges in the box* – В ящике находятся апельсины.

Утверд. предл.	Вопрос. предл.	Отриц. предл.
<i>There is (there's) a book on the table.</i>	<i>Is there a book on the table?</i>	<i>There is not (isn't) a book on the table?</i>
<i>There are a lot of books on the table.</i>	<i>Are there a lot of books on the table?</i>	<i>There are not (aren't) a lot of books on the table?</i>

### 18) Модальные глаголы: *can*, *must* и *should*

Модальные глаголы – специальная группа вспомогательных глаголов. Они используются перед другими основными глаголами и выражают не действие, а отношение к нему, например: **возможность, необходимость, способность, совет и т.п.**

#### Модальный глагол *can*: (*can + do something*)

Этот модальный глагол употребляется перед другими основными глаголами и:

а) выражает физическую или умственную способность, умение и имеет в русском языке такие значения, как **уметь, мочь**, например: *I can jump.* – Я могу прыгать. *Can you count?* – Ты умеешь / вы умеете считать?

б) выражает разрешение в вопросе: *Can I/we ...?* – Можно мне/нам ...? Например: *Can I use the phone, please?* – Можно мне использовать ваш/твой телефон, пожалуйста? *Mum, can we play here?* – Мама, можно нам здесь играть?

в) используется, чтобы попросить что-л. через вопрос: *Can I/we have...?* Например: *Can I have your pen, please?* – Дайте мне вашу ручку, пожалуйста.

#### Модальный глагол *must*: (*must + do something*)

Этот модальный глагол тоже употребляется перед другими основными глаголами и имеет такие значения, как **долженствование, долг, необходимость, обязательство**, например: *Pupils must go to school every day.* – Ученики должны каждый день ходить в школу.

#### Should modal fe'li: (*should + do something*)

Выражение *should + do something* используется в предложениях, содержащих совет, рекомендации. Например: *You should go to bed early.* – Вам следует рано ложиться спать.

Вопросительная и отрицательная формы модальных глаголов *can*, *must* и *should* образуются не с помощью вспомогательного глагола *do*, *do not*, а путём использования модального глагола перед подлежащим и отрицательной частицы “*not*” после модального глагола (смотрите таблицу ниже).

Утверд. предл.	Вопрос. предл.	Отриц. предл.
I You He She It We You They         } can } must } should speak English.	I you he she it we you they         } speak English? Can Must Should	I You He She It We You They         } cannot (can't) } must not (mustn't) } should not (shouldn't) speak English.

### 19) *I'm going to (do)*

Эта структура используется для запланированного действия, когда мы говорим о действии или решении, которое уже принято заранее, например: *There is a good film tonight. I'm going to watch it.* (Сегодня вечером будет хороший фильм. Я собираюсь посмотреть его.)

## 20) Простое будущее время: *will*

*Will* ('ll) используется для высказывания о предполагаемых событиях в будущем времени, например: *The weather tomorrow will be warm and sunny.* (Погода завтра будет тёплой и солнечной.) С *will* часто используются выражения *I think* (*I don't think*), *I'm sure* и т.д. Например: *I think (don't think) the maths test will be difficult.* (Я думаю (не думаю), что тест по математике будет трудным.) *I'm sure she will be late.* (Я уверен, что она опаздывает.)

*Will* ('ll) также используется для выражения принятия незапланированных решений, когда возникает необходимость сделать что-либо в момент речи. Например: *It's cold here. I'll close the window.* – *You promised to give me a book.* – *OK, I'll bring it in a minute.*

*Will* часто используется: а) для предложения сделать что-либо, например: *You look sick. I'll call a doctor for you;* б) для обещания сделать что-либо, например:

*A: Can you give me some money? I'll give it back next week.*

*B: OK, I don't have money with me now. I'll give you some tomorrow.*

Отрицательная форма *will* – *won't* (= *will not*), например: *Don't tell me to do it. I won't do it.*

## 21) *So do I. Neither do I. I don't either. Nor do I.*

Структура *So do I/we/you/they* используется в случае согласия с утвердительным высказыванием собеседника (т.е. при выражении своего положительного отношения). В этом случае порядок слов не такой, как в обычном повествовательном предложении. В данном случае глагол будет стоять перед подлежащим. Например: *A: I like gymnastics, because it's a beautiful sport.*

*B: So do I.*

Структура *Neither do I./I don't either./Nor do I.* используется, чтобы согласиться с отрицательным высказыванием собеседника. Например: *A: I don't do karate.*

*B: I don't either.*

## 22) *Gerund – Герундий*

В английском языке глаголы, имеющие окончание “-ing”, называются герундий. Герундий – форма глагола, которая имеет свойства существительного. Например:

*I like singing.* – Я люблю петь. *Singing is my hobby.* – Пение – моё хобби.

### Как образуются формы глагола с окончанием “-ing”

- 1) Большинство глаголов: *v + -ing.* Например: *work → working; sleep → sleeping.*
- 2) Глаголы, оканчивающиеся на “-e”: *(-e) + ing.* Например: *make → making.*

### Удвоение согласных при добавлении окончания “-ing”

1) если к глаголам с **одной гласной + одной согласной** добавляется окончание “-ing”, согласные удваиваются: *plan → planning; stop → stopping;*

2) согласные в глаголах, где **две гласные + одна согласная** или **одна гласная + две согласные**, при добавлении окончания “-ing” не удваиваются: *wait → waiting; work → working.*

## 23) *like/don't like/love + существительное или герундий*

После глаголов *like*, *don't like* и *love* используются существительные, например: *I like cartoons. I don't like horror films. I love music programmes.*

Если после глаголов *like*, *don't like* и *love* используется глагол, тогда он будет в форме герундия, например: *He likes playing chess. He doesn't like going to the cinema.*

## 24) *I would (I'd) like to be ...*

*Would like (+ to be/to do)* используется, чтобы выразить желание вежливым способом.

Например: *I'd like two kilos of tomatoes, please. Would you like some coffee?*

## 25) *Some и any*

a) *Some* (некоторое количество, немного) используется в утвердительных предложениях с исчисляемыми существительными во множественном числе и неисчисляемыми существительными. Например: *Give me some apples, please. There is some milk in the bottle.*

*Some* также используется в вопросах, на которые ожидается ответ “Yes”, и когда предлагают или просят что-либо. Например: – *Would you like some coffee? – Yes.*

*Can I have some milk for my tea, please?*

б) *Some* в значении “некоторые, одни” используется с существительными во множественном числе. Например: *Some shops are open every day.* – Некоторые магазины открыты каждый день.

*Any* (какой-нибудь, сколько-нибудь; никакой, никакого) используется в вопросительных и отрицательных предложениях с исчисляемыми существительными во множественном

числе и неисчисляемыми существительными. Например: *There isn't any fruit in the fridge. Do you have any pencils? Is there any juice?*

## 26) Союзы (Conjunctions): *and, but, before, after, then, because, or*

Союзы – это служебные слова, которые устанавливают связь между словами, словосочетаниями и частями предложения. К таким союзам относятся *and, but, before, after, then, because, or* и так далее.

**"And"** (и) – соединительный союз. При использовании в предложении нескольких однородных членов последние два соединяются союзом "and". Например: *I have a mom and a dad. I like watching football, playing chess and listening to music.*

**"But"** (но) – противительный союз. Этот союз используется для выражения одного мнения, противоречащего другому мнению, и употребляется между ними. Таким образом, он соединяет два предложения друг с другом. Например: *It's old but beautiful. Her school is in London but our school is in Tashkent.*

Союз "**then**" (потом, затем) используется для выражения логической последовательности действий при рассказе об определённом событии. Например: *Aziz's mother gets up early and she makes breakfast. Then she cleans the house.*

Союз "**because**" (потому что, так как) используется для выражения действия, служащего причиной иному действию. Например: *I don't like maths because it's difficult. Two girls and two boys like Sunday because we don't have lessons.*

Союз "**or**" (или) связывает два или несколько предложений или однородных членов предложения, и указывает на:

а) выбор одной из двух возможностей: *You can go home or stay at school.*

б) неопределённость или неточность: *There are usually five or six lessons.*

в) связывает два однородных члена предложения (в отрицательных предложениях или предложениях с отрицательным значением): ни ... ни; (и) без ... и без: *I don't drink tea or milk* – Я не пью ни чай, ни молоко. *I don't like jazz or rock.*

## 27) Наречие (Adverb)

Наречие указывает на признак действия. Оно определяет глагол и показывает, как и каким образом действие происходит. Например:

*I play<sup>глагол</sup> tennis well<sup>наречие</sup>.* (Я хорошо играю в теннис.)

Многие наречия образуются прибавлением суффикса "-ly" к прилагательным, например:

**Прилагательные:** quick careful bad loud soft noisy slow happy

**Наречия:** quickly carefully badly loudly softly noisily slowly happily

Так как некоторые слова являются наречиями, к ним не прибавляется суффикс "-ly". Например: *well* (хорошо), *fast* (быстро), *late* (поздно), *hard* (сильно, упорно, усердно).

## 28) Порядок слов в английском языке

Порядок слов в английском и русском языках различен. В английском предложении сначала стоит подлежащее, потом сказуемое, затем дополнение и в конце обстоятельство. Если поменять местами слова в английском предложении, то значение этого предложения изменится или предложение станет бессмысленным. В русском языке от изменения порядка слов в предложении смысл высказывания не меняется. Это можно ясно увидеть на следующем примере:

English	подлежащее	сказуемое	дополнение	обстоятельство
	The children	are playing	football	now.
<b>нет строгого порядка слов</b>				
Russian	Сейчас Дети Дети	дети сейчас играют	играют играют в футбол	в футбол. в футбол. сейчас.

## 29) Место обстоятельства времени в английских предложениях

Такие обстоятельства времени, как *every morning (day), on Fridays (Mondays ...)*, могут находиться в начале или в конце предложения.

обстоятельство	подлежащее	сказуемое	дополнение	обстоятельство
Every day	I	watch	TV	(every day).
(On Sundays)	I	don't go	to school	(on Sundays).

Такие обстоятельства времени, как *always*, *usually*, *often*, *sometimes*, *never* обычно употребляются после подлежащего.

подлежащее	обстоятельство	сказуемое	другие
I	always	brush	my teeth.
We	never	swim	in winter.

### 30) Сложные предложения

Сложные предложения обычно состоят из двух простых предложений: главного и придаточного. Придаточное предложение дополняет главное и обычно употребляется с союзами *because*, *if*, *that* или с союзовыми словами, начинающимися с *wh-*. Придаточные предложения могут стоять до или после главного предложения. Если придаточное предложение стоит после главного, то запятая не ставится, а если перед главным, то запятая ставится. Например:

*When you came, everybody was reading.* (запятая)

*Everybody was reading when you came.* (нет запятой)

*Because he was ill, he couldn't go to school.* (запятая)

*I didn't have my breakfast because I got up late.* (нет запятой)

#### *I think/believe/know that*

Многие глаголы (например: *think*, *believe*, *know*, etc.) описывают мысли и чувства людей. В сложных предложениях придаточное предложение со словом *that* стоит после этих глаголов. Например: *I know that the task is difficult. I think that it's already time to go. I believe that he is a good man.*

Иногда *that* не употребляется. Например: *I think it's time to go. I believe he's a good man.*

### 31) Too

Too используется с двойной целью:

а) при использовании его в значении “также”, “тоже”, *too* стоит в конце предложения, например: *Sobir knows Russian. He knows English too.* – *I've got a headache. – I have too.*

б) *Too* также употребляется в значении “больше, чем нужно”, “более, чем достаточно”, “слишком” в отрицательном значении. Оно употребляется перед прилагательными и наречиями и перед словами *many*, *much*, *few*, *little*. Например: *This dress is too big. We came too late to have dinner. You put too much salt in the soup.*

### 32) Действительный и страдательный залог настоящего времени

Действительный залог глаголов обозначает, что человек (предмет) сам выполняет действие.

*Somebody cleans this room every day.*

В данном случае *Somebody* — это подлежащее, выполняющее определенное действие, выраженное глаголом действительного залога.

Страдательный залог обозначает, что над человеком (предметом) выполняется действие.

*This room is cleaned every day.*

В этом случае *This room* является подлежащим, на которое направлено действие, выраженное глаголом страдательного залога.

Страдательный залог настоящего времени образуется следующим образом:

Подлежащее + *am/is/are* + причастие прошедшего времени (*past participle*)

(Смотрите *past participle* на стр. 121 тему “Настоящее совершенное время”. Смотрите таблицу неправильных глаголов на стр. 126.)

В предложениях с использованием страдательного залога при указании исполнителя действия употребляется предлог *by*. Например: *In the morning the letters are collected by postmen. The letters are sorted by machines.*

### 33) Словообразование: приставка *re-*

Приставка *re-* означает “снова”, и используется для образования глаголов со значением повторения действия – “делать заново”. Например: *reuse* = “использовать снова”; *reread* = “перечитать”; *rewrite* = “переписать”.

### 34) I would (I'd) rather (do)

*Would rather (do)* означает “предпочел бы (сделать что-то)”. После *would rather* глагол используется без частицы *to*. Например: A: *Let's go to the museum.* B: *That's a good idea.*

C: *Oh, no. I'd rather go to the sports centre.*

Отрицательной формой является *I'd rather not (do)*. Например: *I'm feeling sick I'd rather not go with you.*
